

We have finished our inspection report on wellbeing at Ashley.

Thanks to everyone who spoke to us during the inspection.

We made recommendations to the people who run Ashley to improve things.

Here is a quick summary of our report:

Exercise choices are good

You should have more chances to learn about and connect with Aboriginal Culture

Lockdowns are bad for your wellbeing

More artwork on the walls would be nice

There are lots of games and DVDs

Allowances should increase

Clothing has improved since our last inspection but you need more underwear

Ask a youth worker if you want a copy of the full report. The report was given to politicians and put on our website, custodialinspector.tas.gov.au.

If you have questions call us on the Unity Phone:

- log in
- press 2 'CADL'
- press 'Custodial Inspector'

You can also speak to us next time we are at Ashley. We wear orange ID tags.
